Safety & Security - Hand in Hand

School holidays or term-time, long or short nights and no matter who you are - around the corner from most of us is a 'danger zone' that is all too tempting for kids who like to explore - Substations.

Neighbourhood Watch is working in partnership with EDF Energy Networks to help protect electricity substations from malicious vandalism and unauthorised access to make our communities safer.

[More Details](#)

How substations should be
- safe and secure

Does this look Familiar? Act Now & Save a Life.

When accessed by unauthorised individuals substations become potentially dangerous places and somewhere that children may try to enter. Criminal and negligent acts have left the above substations insecure and potentially dangerous.

If you see any substations that look as if they have been tampered with or could pose a danger to the community please let us know by contacting us on **0800 587 3243**

Supported by
Cambridgeshire
Constabulary

Creating a safer
Cambridgeshire

Let us know you see:

- Vandalism
- Trespassing
- Fly Tipping
- Broken Locks
- Illegal Access

Working together all year round

- Neighbourhood Watch is about making our communities look, feel and actually be safer
 - Neighbourhood Watch exists to encourage you to take an active interest in your environment
 - Neighbourhood Watch can help you through partnerships such as this one - alerting you to the dangers - letting you know who to report matters of vandalism to
 - Neighbourhood Watch needs your active support in order to:
 - Help save lives
 - Stop petty crime escalating into something more serious
 - Improve your neighbourhood
 - Help to make your street a nicer, safer place to live
- Neighbourhood Watch linking with EDF Energy Networks, needs your energy too. Become a part of your neighbourhood, by joining your [Local Neighbourhood Watch Scheme](#).
